IDEALTRACK

TRACK YOUR FLEET & DRIVERS
BE IN COMPLIANCE WITH NEW ELD LAWS

The FleX with mobile app is a plug and play device that will allow you to access ELD services. It is portable, making it ideal for rental fleets.

- Simple, low cost tracking solution that includes ELD interface so every driver is compliant with the new ELD laws
- No contracts to sign
- The FLEX is mobile, move from one truck to another by making one simple call to our support team
- Integrated Mapping Tool
- Live Tracking
- Advanced Reporting

Create, view, edit, sign, print, and email logs and inspection reports in compliance with all FMCSA guidelines – right from a smartphone or tablet. Our solution is fully compliant with existing regulations and will remain a compliant solution as the industry transitions to ELD.
